

Sustainable Restaurant Association Sustainability Rating

EthicalChef – Three Star Sustainability Champion

EthicalChef achieved an overall score of **85%** and results for the three key sustainability areas were:

SUSTAINABILITY AREAS	%
SOURCING	95%
SOCIETY	82%
ENVIRONMENT	75%

EthicalChef is a mobile catering business based in Cardiff and was established in 2010. The Business offers vegetarian cuisine for a variety of events including private parties, weddings and supper clubs as well as regularly attending Cardiff's Riverside Market.

Overall EthicalChef has achieved a highly commendable score of 85%. EthicalChef prioritise local, seasonal and organic food as well as utilising other ethically sourced produce such as tea and coffee. It is clear that EthicalChef takes time to educate and encourage healthy eating and is heavily involved in community initiatives such as volunteer schemes and landshare projects. The business also actively promotes sustainability and its value through highly effective responsible marketing.

Despite all the commendable actions there is room for improvement, particularly in the area of energy efficiency. A monitoring device could be installed to measure the energy use of EthicalChef's operations and equipment in order to measure a baseline for setting future energy reduction goals.
